

BAG-IN-BOX FAUCETS by Tomlinson®

Tomlinson's No-Drip® faucets for bag-in-box packaging are the most effective way to dispense ketchup, mustard, syrups, apple sauce, concentrates, wine, water and cleaning solvents. If you have a specific dispensing application and container in mind, give us a call. We would be happy to work with you. Many color options are available.

HFSS 1000231

Black polypropylene body. Fits all 38 mm spouts with 1.2" I.D. Also available with split nut inlet (1000230). Applications include bag-in-box packaging for wines, juices, syrups, water, cleaning solvents.

| 1.13 gal/min | | | SP-400 |
| 4.27 l/min | | | |

600T 1013321

The Pinch Tube Faucet is used with a super-sanitary, disposable bag and tube.
The tube is inserted through the faucet; product does not come in contact with the valve. The pinch tube requires no cleaning. Matching shank assembly available.

804 1016592 Pump Spout

The 804 Pump Spout is a quick disconnect system for bag-in-box dispensing. The pump spout is molded into the bag to act as a fitment. The pump spout provides snap action dispensing ideal for viscous products and is compatible with Tomlinson's HFSP faucet, standard line fittings or elbow connectors. A sanitary dust cap prevents accidental dispensing.

920A 1913305 Bag-In-Box Cap Remover Tool

The heavy-duty bag-in-box cap remover tool is made of reinforced plastic, eases removal of caps and reduces the chance of injury and product waste. Standard color is red. Optional colors and custom imprinting are available.
