

TOMLINSON FRONTIER KETTLES®

THE FINEST SOUP/HOT FOOD MERCHANDISER YOU CAN BUY.

Now you can *cook and hold* in the Tomlinson Deluxe Frontier Kettle.[®]

The only thing that comes close to a Tomlinson Frontier Kettle is the hot soup inside. Tomlinson's fast heat up and adjustable temperature control allow you to cook and hold anything you can serve with a ladle. Try chowders, nacho cheese sauce, chili, stews, hot dogs, or your favorite soup-of-the-day!

The old-fashioned cast iron look is a sure way to catch customers' attention, and self-service couldn't be easier. Make hot foods irresistible – customers can see and smell the delicious products you prepare and serve – piping hot.

Frontier Kettles are a deli natural for soup/salad, soup/sandwich combinations. C-Stores, cafeterias, supermarkets, restaurants, taverns, catering, schools – virtually any foodservice operation can increase profits with a Frontier Kettle.

Designed and manufactured for years of commercial service, Frontier Kettles are the choice of leading soup manufacturers who insist on these exclusive, specially engineered features:

- Faster heat up, now 1250 watts – ideal for frozen soups.
- Adjustable temperature control with indicator light.
- Rugged cast aluminum construction.
- Three attractive colors: black, red, and brown.
- Stainless Steel food insert – 8 or 12 quart capacities.
- 23 colorful product cards.
- Side mounted card clip.
- Improved lid with hinge.
- Optional transport handle.
- UL, CSA, NSF, CB, CE Listed.
