SIMPLI-FLEX[®] Cup Dispensers

NEW!

SIMPLI-FLEX[®] 2000

MODULAR[®] QUALITY, NOW VALUE PRICED.

The new value-priced Simpli-Flex[®] 2000 makes cup dispensing easier than ever. Now one self-adjusting dispenser fits any size paper, plastic or foam cup up to 44 oz. And the Simpli-Flex 2000 is built with the Modular durability and reliability you expect.

WHY SIMPLI-FLEX[®] BY MODULAR[®] IS THE NUMBER ONE NAME IN CUP DISPENSING SYSTEMS.

With over a quarter million Simpli-Flex[®] dispensers in use today, it's no wonder Modular is the number one name in cup dispensing! Simpli-Flex is specified by major fast food chain and convenience store operators.

All Simpli-Flex cup dispensers are totally self-adjusting and come with the patented Simpli-Flex gasket that accurately dispenses paper, plastic and foam cups up to 64 ounces, every time. With Simpli-Flex, cups are sealed from contamination and moisture. The patented gasket retainer has a built-in splash shield to keep the gasket clean and cups sanitary.

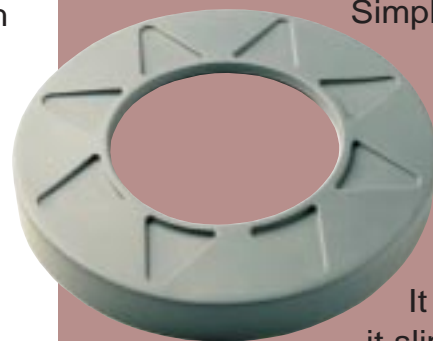

From our new, one size Simpli-Flex 2000 to our deluxe Simpli-Flex stainless steel dispensers in two sizes that dispense 90% of all cups, there's a Simpli-Flex dispenser for any application. And the complete line of Simpli-Flex dispensers is NSF approved.

DISPENSING SYSTEMS

ket Is BETTER. Here's Why.

dispensers feature the exclusive patented gasket. It's totally self-adjusting to accurately dispense paper, plastic or foam cups up to 64 sizes. Simpli-Flex, you are assured one-at-a-time every time. The Simpli-Flex gasket is ingeniously designed and constructed of NSF and FDA approved materials. The gasket is molded of tear-resistant silicone. The Simpli-Flex gasket is easy to install – simply push it into the dispenser!

SIMPLI-FLEX®. SIMPLY BETTER.

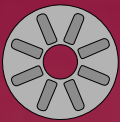

- Pull type (gravity fed) self-adjusting dispensers can be wall mounted or attached to Z-stand or rotary countertop stands
- Spring-loaded self-adjusting dispensers can be surface mounted... vertically or horizontally
- Portable cabinets hold up to six dispenser tubes
- Dispenser cabinets are available in standard beige polyurethane, optional painted colors, or stainless steel
- Combination dispensers help organize lids and condiments
